MINNESOTA ASSOCIATION OF CHRISTIAN SCHOOLS

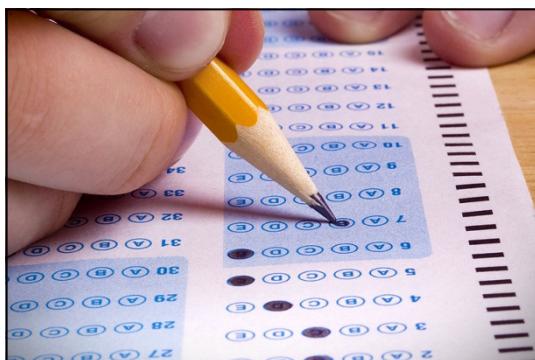

SAT Achievement Test Results Are Going Home to Parents – What Do They Really Mean?

AACS (American Association of Christian Schools) is currently utilizing the Stanford Achievement Testing (SAT) system for one more year. This is the testing system that our schools use in April of each year. Most of our MACS schools send home the results with the final report card. For as long as I can remember, our schools have had the privilege of testing with SAT, but due to the

new common core standards enacted throughout most of the nation's state education departments, SAT will not be rewriting their tests to reflect those changes. AACS is currently studying what they will do for their annual achievement testing in the coming years as the SAT 10 test will no longer be available to us. We will keep you posted in the coming months as we learn more about alternative testing programs that will best serve the needs of our Christian schools and students.

In the meantime, parents will be receiving the SAT test results for their children. A quick overview of what the test communicates to them about their child's

(Continued on page 2)

AACS PRESS RELEASE

Local Students Awarded Scholarship to Attend National Youth Legislative Training Conference in Washington, D. C.

East Ridge, Tennessee — The American Association of Christian Schools (AACS) is pleased to announce that Cara Hodak, daughter of Alan and Allyson Hodak of Brooklyn Park, and Paul-Michael Tomsche, son of Paul and Michelle Tomsche of St. Michael, have been granted

(Continued on page 4)

(SAT Results, continued from page 1)

academic performance might be helpful. As you look at the results sheet, please follow from the top left to the right as I attempt to explain the SAT results.

The student's name and teacher appears on the top with the testing date and a short paragraph (on the left side) about the child's overall performance. The child's performance is summarized in a **percentile band**. Let's say that the child scored in the 70th percentile, this would mean that this child performed as well or better than 70% of the students nationally who took the test in 2014.

Below that is the **Lexile Measure** Scoring which reports a reading comprehension score (at FBCS, we choose to pay extra for this measurement). This score can be used to help improve a child's reading comprehension by

stretching the level of difficulty of books students will read over the summer. See www.lexile.com for more information.

To the right, **subtests** are listed with results in the right columns. Those subtests start out with Total Reading, Word Study Skills, Reading Vocabulary, etc. The total number of correct answers are given out of the total possible in each category.

The "**Scaled Score**" is a score used to compare the child's score from year to year. For our purposes, the other scores are currently more valuable to know.

The "**National PR-S**" is a percentage rank score that ranks students with other students nationally. This score would include any public, charter, or private school students who took this test in 2014. It would be comparing our

STANFORD ACHIEVEMENT TEST (SAT) EIGHTH EDITION										Student Report FIRSTNAME M LASTNAME										National Comparison																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																														
with Otis-Lennon School Ability Test®, Eighth Edition										TEACHER: SAMPLE TEACHER SCHOOL: SAMPLE SCHOOL - 0000000000 DISTRICT: SAMPLE DISTRICT										AGE: 09 Yrs 08 Mos STUDENT NO.: 0000000000																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																																														
About This Student's Performance: Firstname recently took the Stanford Achievement Test, Tenth Edition (Stanford 10). This test is one measure of this student's achievement. This report compares this student's performance to students in the same grade across the nation. Percentile Bands show ranges within which this student's true scores likely fall. For example, a student whose Percentile Band spans the 70th percentile performed as well as or better than 70% of students nationally in that subject-but not as well as 30% of students. The chart below shows this student's performance in each subject area tested.										<table border="1"> <thead> <tr> <th>Subtests and Totals</th> <th>Number Possible</th> <th>Number Correct</th> <th>Scaled Score</th> <th>National PR-S</th> <th>National NCE</th> <th>AAC Range</th> <th>National Grade Percentile Bands</th> </tr> </thead> <tbody> <tr><td>Total Reading</td><td>114</td><td>82</td><td>639</td><td>59-5</td><td>54.8</td><td>MIDDLE</td><td></td></tr> <tr><td>Word Study Skills</td><td>30</td><td>25</td><td>664</td><td>76-6</td><td>64.9</td><td>HIGH</td><td></td></tr> <tr><td>Reading Vocabulary</td><td>30</td><td>22</td><td>627</td><td>46-5</td><td>47.9</td><td>MIDDLE</td><td></td></tr> <tr><td>Reading Comprehension</td><td>54</td><td>35</td><td>634</td><td>53-5</td><td>51.6</td><td>MIDDLE</td><td></td></tr> <tr><td>Total Mathematics</td><td>80</td><td>56</td><td>633</td><td>64-6</td><td>57.5</td><td>MIDDLE</td><td></td></tr> <tr><td>Mathematics Problem Solving</td><td>48</td><td>30</td><td>623</td><td>54-5</td><td>52.1</td><td>MIDDLE</td><td></td></tr> <tr><td>Mathematics Procedures</td><td>32</td><td>26</td><td>650</td><td>74-6</td><td>63.5</td><td>HIGH</td><td></td></tr> <tr><td>Language</td><td>48</td><td>28</td><td>610</td><td>39-4</td><td>44.1</td><td>MIDDLE</td><td></td></tr> <tr><td>Language Mechanics</td><td>24</td><td>15</td><td>617</td><td>46-5</td><td>47.9</td><td>MIDDLE</td><td></td></tr> <tr><td>Language Expression</td><td>24</td><td>13</td><td>603</td><td>36-4</td><td>42.5</td><td>MIDDLE</td><td></td></tr> <tr><td>Spelling</td><td>40</td><td>30</td><td>643</td><td>73-6</td><td>62.9</td><td>HIGH</td><td></td></tr> <tr><td>Science</td><td>40</td><td>30</td><td>643</td><td>69-6</td><td>60.4</td><td>MIDDLE</td><td></td></tr> <tr><td>Social Science</td><td>40</td><td>22</td><td>607</td><td>40-5</td><td>44.7</td><td>MIDDLE</td><td></td></tr> <tr><td>Listening</td><td>40</td><td>22</td><td>608</td><td>35-4</td><td>41.0</td><td>MIDDLE</td><td></td></tr> <tr><td>Thinking Skills</td><td>190</td><td>122</td><td>623</td><td>56-5</td><td>53.2</td><td>MIDDLE</td><td></td></tr> <tr><td>Basic Battery</td><td>322</td><td>218</td><td>NA</td><td>57-5</td><td>53.6</td><td>MIDDLE</td><td></td></tr> <tr><td>Complete Battery</td><td>402</td><td>270</td><td>NA</td><td>56-5</td><td>53.4</td><td>MIDDLE</td><td></td></tr> </tbody> </table>										Subtests and Totals	Number Possible	Number Correct	Scaled Score	National PR-S	National NCE	AAC Range	National Grade Percentile Bands	Total Reading	114	82	639	59-5	54.8	MIDDLE		Word Study Skills	30	25	664	76-6	64.9	HIGH		Reading Vocabulary	30	22	627	46-5	47.9	MIDDLE		Reading Comprehension	54	35	634	53-5	51.6	MIDDLE		Total Mathematics	80	56	633	64-6	57.5	MIDDLE		Mathematics Problem Solving	48	30	623	54-5	52.1	MIDDLE		Mathematics Procedures	32	26	650	74-6	63.5	HIGH		Language	48	28	610	39-4	44.1	MIDDLE		Language Mechanics	24	15	617	46-5	47.9	MIDDLE		Language Expression	24	13	603	36-4	42.5	MIDDLE		Spelling	40	30	643	73-6	62.9	HIGH		Science	40	30	643	69-6	60.4	MIDDLE		Social Science	40	22	607	40-5	44.7	MIDDLE		Listening	40	22	608	35-4	41.0	MIDDLE		Thinking Skills	190	122	623	56-5	53.2	MIDDLE		Basic Battery	322	218	NA	57-5	53.6	MIDDLE		Complete Battery	402	270	NA	56-5	53.4	MIDDLE		<table border="1"> <thead> <tr> <th>Otis-Lennon School Ability Test®</th> <th>Number Possible</th> <th>Number Correct</th> <th>SAI</th> <th>Age PR-S</th> <th>Age NCE</th> <th>Scaled Score</th> <th>National Grade Percentile Bands</th> </tr> </thead> <tbody> <tr><td>Total</td><td>72</td><td>38</td><td>106</td><td>65-6</td><td>XX X</td><td>XXX</td><td></td></tr> <tr><td>Verbal</td><td>36</td><td>21</td><td>112</td><td>77-7</td><td>XX X</td><td>XXX</td><td></td></tr> <tr><td>Nonverbal</td><td>36</td><td>17</td><td>102</td><td>55-5</td><td>XX X</td><td>XXX</td><td></td></tr> </tbody> </table>										Otis-Lennon School Ability Test®	Number Possible	Number Correct	SAI	Age PR-S	Age NCE	Scaled Score	National Grade Percentile Bands	Total	72	38	106	65-6	XX X	XXX		Verbal	36	21	112	77-7	XX X	XXX		Nonverbal	36	17	102	55-5	XX X	XXX

(SAT Results, continued from page 2)

students with a very large population of students. The “S” is a standard score which represent the nationwide group by dividing it into nine groups: one being the lowest and nine being the highest. The next column “**AACS PR-S**” compares our students with only AACS schools nationally.

The “**Grade Equivalent Score**” is a tricky and often misunderstood score. If a child scores a 10.7 on the Reading Vocabulary section and is currently a fifth grader, this does not necessarily mean that a child could read at the tenth grade level. What it does mean is that a tenth grader taking the same reading vocabulary test would have the same score as this fifth grade child. This is good news because it means that the child, in this category, is doing very, very well.

The **AAC Range** is labeled as **Low, Middle, or High** and is **only listed** when the child takes the **Otis-Lennon Test**, a test which measures the IQ (intelligence quotient) of the child. (FBCS gives the Otis-Lennon (**OLSAT**) test to students in the 2nd, 4th, 6th, 8th, and 10th grade years of school.) For example, if a child’s **SAI** (School Ability Index) is at 100, the child is testing at the average level for their grade and age level.

The following SAI scores and percentages show where students taking the OLSAT fall nationally:

An **SAI** measuring:

Above 132 – about 2% of the population
 116—132 – about 14% of the population
 84—116 – about 68% of the population
 68—84 – about 14% of the population
 Below 68 – about 2% of the population

(OLSAT statistical information taken from the following website:

<http://www.learningandlifeskills.typepad.com/weblog/2009/11/what-do-the-ols.html>, accessed May 27, 2014.)

The **AAC** of **Low, Middle, or High** corresponds directly with the SAI score. If the child’s SAI was a 115, and the AAC Range was “High” for the Reading Vocabulary section, then that child was performing above the expected range of their IQ or SAI score. If “Middle” appears, then the child is testing where they should be in accordance with their SAI or IQ score. If “Low” appears, the child is not testing up to the expected level per their SAI.

The chart on the right entitled **National Grade Percentile Bands** is a visual representation of the National PR-S column.

The section below entitled, **Clusters**, breaks the test down and the results can be used to identify areas that need extra attention should the student test in the below average range. Schools can purchase a [Compendium of Instructional Standards](#) from Pearson Publishing Company which identifies the questions on the SAT test assigned to that specific topic area. Schools can see the questions the student missed by comparing the compendium with the actual SAT questions in the test booklet. This information can be used to help students who are deficient in a specific area where test performance was below grade level.

~ Mr. Alan J. Hodak, MACS Executive Director

(Youth Legislative Conference, Continued from page 1)

scholarships to attend the annual AACCS Youth Legislative Training Conference in Washington, D.C. to be held July 7-11, 2014.

Cara and Paul, both from Fourth Baptist Christian School, are part of a select group of students chosen from AACCS member schools nationwide to attend this conference where they will be provided the valuable opportunity to learn the workings of our political system.

More than just a series of lectures on political theory and philosophy, this conference also gives the students an opportunity to participate in a mock Senate, meet their Senators and Representatives, and tour historical sites in Washington, D.C., including the US Capitol, the Monuments, and Arlington Cemetery.

One of the oldest national voices for Christian education, AACCS represents over 97,000 students and teachers in approximately 800 schools throughout the United States and in several foreign countries. With national offices in Tennessee and Washington, D.C., the AACCS currently has member schools in 44 states and associations in 38 states. ♦

MACS Calendar 2014—15

June 23–27 – Basketball Camp at Fourth Baptist (all MACS Schools invited)

August 4-8 – Soccer/Volleyball Camp at Fourth Baptist (all MACS Schools invited)

August 22 – Rosemount Jamboree & MACS Pastor/Administrator Fellowship at Rosemount

October 9-10 – WI/MN Teacher's Convention at the Wisconsin Dells

October 23-24 – MACS State Volleyball and Soccer Tourney at Lake Region in Baxter

November 7 – Band Festival at Fourth Baptist

January 23 – Student Leadership Conference at Fourth Baptist

January 27 – Legislative Breakfast at Kelly Inn in St. Paul

February 5 – Speech and Bible Festival at Woodcrest

February 26-28 – MACS State Basketball Tourney at Fourth Baptist

March 6 – MACS Jr. High Festival

April 10 – MACS Fine Arts Festival at Fourth Baptist

April 10 – MACS Annual Meeting at Fourth Baptist

May 8* – Granite City Baptist Annual Track Meet, St. Cloud

**date change*

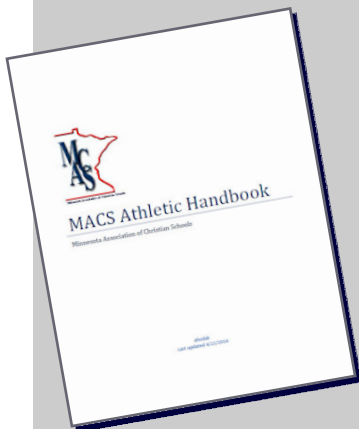

All MACS Schools Are Invited to Participate in FBCS Sports Camps!

We are inviting all our friends from our MACS schools to participate in the FBCS summer Sports Camps. Please see the details at right, and feel free to post the brochure at your school. Details at right. It's another great opportunity for our students to interact with one another in a non-competitive setting.

* * * * *

NEW MACS Athletic Manual

A revision of the MACS Athletic Handbook has been completed with a fresh, new look. Also included are guidelines for Homeschool Participants on our MACS teams. Please see the attachments sent with this MACS Newsletter.

2014 Summer Sports Camps

www.fourthbaptist.org
www.fourthbaptistchristianschool.org

Sports Camp Costs:

\$50 for elementary students

\$75 for secondary students

Invite family, friends and neighbors to attend with you!

Besides having fun and learning sports skills, camp participants will hear the gospel presented by caring, Christian coaches, and will be taught biblical life principles as they apply to the world of competitive sports.

Basketball Camps: June 23—27 (Mon-Fri)

Basketball Camps are led by Coach Dan Chapman of Genesee Christian School in Michigan

Mixed Elementary—entering grades 3—6, 10—noon
(boys & girls combined)

- Secondary Girls—entering grades 7—12, 1—3pm
- Secondary Boys—entering grades 7—12, 3:30—5:30pm

Soccer Camps: Aug 4—8 (Mon—Fri)

Soccer Camps are led by Coach Jared Page of Fourth Baptist

- Mixed Elementary — entering grades 3—6, 10—noon
(boys & girls combined)
- Secondary Boys — entering grades 7—12, 3—6pm

Volleyball Camps: Aug 4—8 (Mon—Fri)

Volleyball Camps are led by Coaches Nikki DeVries from Lakes Area Recreation Association and Carissa Belford of Fourth Baptist

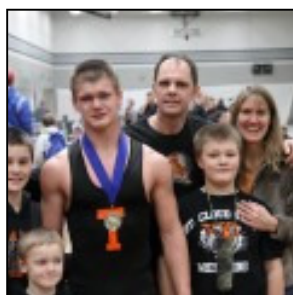

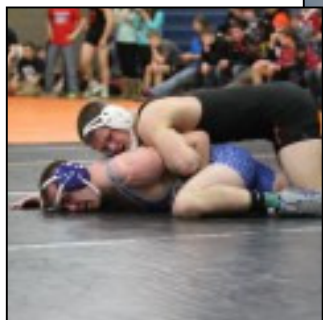

- Elementary Girls —entering grades 3—6, 10—noon
- Secondary Girls — entering grades 7—12, 3—6pm

Go to our website — www.fourthbaptistchristianschool.org for a downloadable registration form.

GCBA has completed this year's Wrestling Program

Pastor Dennis Campbell summed up their wrestling season with several blessings resulting from their Wrestling Co-op with Tech High School:

- No rock music is played in the wrestling room.
- I was able to give a challenge and pray at every meet and tournament.
- Hyles-Anderson wrestled in our Kiffmeyer Tournament.
- I was able to show a Christian film on the way back from a triangular with Moorhead and Bemidji.
- We were able to host a Tech vs. Fergus Falls dual in our gym.
- We hosted an elementary wrestling quad with 180 cars and 400 people. They could see the Bible verses on the walls and a number of tracts were given out.
- One wrestling parent came forward for baptism, having accepted Christ a year ago.
- Another wrestling couple along with two of their sons recently accepted Christ.
- We had five coaches and their wives along with several wrestling parents at the Valentine Banquet.
- We are planning to take several of the wrestlers to Bible Camp in June.
- The three younger Huggs qualified for the Regional Tournament at New London.
- Tyler Hugg was State Champion at 170lbs. for the SHSL Freshmen Wrestling Tournament.
